Professional Summary

Computer and Communication Engineering student with Cisco networking training and hands-on experience using Cisco Packet Tracer. Skilled in networking fundamentals, subnetting, switching, routing, and troubleshooting, seeking an entry-level Network Engineer or NOC role.

Education

- Alexandria National University – Alexandria
Bachelor of Computer and Communication Engineering. Expected Graduation Date **2028**

Technical Skills

- Networking:** TCP/IP, OSI Model, IPv4, IPv6, Subnetting, VLANs, Switching, Routing, OSPF, DHCP, DNS, NAT, ACLs, HSRP, Port Security, Telnet, Network Troubleshooting
- Cisco:** Cisco IOS, Cisco Packet Tracer
- Programming:** Python, C, C++, Java, SQL, Assembly
- Tools & Platforms:** Linux, Git/GitHub, MATLAB, Simulink, Arduino IDE

Certifications

- Network Infrastructure Summer Training – NTI x Cisco Networking Academy 120 Hours | 96% | 2026**
 - Technical Training: 90 hours of Cisco Networking Academy CCNA curriculum covering Introduction to Networks, Switching/Routing/Wireless Essentials, and Enterprise Networking, Security & Automation.
 - Soft Skills: 30 hours of professional skills training.
- Cisco Networking Academy Certificates**
 - CCNA: Introduction to Networks | **2026**
 - CCNA: Switching, Routing, and Wireless Essentials | **2026**
 - CCNA: Enterprise Networking, Security, And Automation | **2026**
- Using Databases with Python (University of Michigan)**
- Python Data Structures (University of Michigan)**

Projects

- Enterprise Network Design & Configuration - Cisco Packet Tracer**
 - Designed a 3-building, multi-floor Network implementing VLANs, Subnetting, DHCP, routing, and HSRP Redundancy.
 - Configured OSPF, ACLs, port security, Telnet, and DNS/FTP/Web/Email services.
- Line Follower Robot – Minoan Robosport Competition**
 - Designed and developed a high-speed line follower robot using Arduino Nano, 4000 RPM N30 motors, and a QTR-8RC sensor array. Implemented optimized PID control algorithms for precise and efficient line tracking.
 - Achieved first place in the Minoan Robosport competition with a record-breaking time of 23.3 seconds and Qualified for the Global Competition in Heraklion –Greece

Experience

- Public Relations Director | Mind-Tech Robotics | Technical Team**
(Dec 2023 – Present) | Alexandria, Egypt
 - Led PR and external partnership activities supporting 2 robotics competitions and 2 technical workshops.
 - Secured and coordinated 3 industry partnerships covering electronics, 3D printing, and PCB manufacturing.
 - Collaborated with a 10 member technical team to support event coordination, outreach, and team activities.

Awards

- 1st place, Marathon, MRC Egypt 2024
- 2nd place, Line Following, IRC Egypt 2024
- 3rd place, Line Follower, Robotex Egypt 2025
